

We only have one christian broadcast station which is K-LOVE. If we were to lose K-LOVE, we would have no stations for christians to listen to in our area. K-LOVE has helped me through so many struggles and alot of people I know in my community listent to this station and it has done alot for our community to have a christian station to listen to. Its better for our families and it helps us through those difficult times in our lives. Please dont take K-LOVE away from our area.
